

GW GEARWRENCH

FORGE AHEAD

2024 BUYER'S GUIDE

GEARWRENCH

TOOLS PROS TURN TO

DEPENDABLE

GEARWRENCH Mechanics Hand Tools come with a lifetime warranty that's truly customer-centered – fast, easy, and no proof of purchase required.

INNOVATIVE

From the ratcheting wrench to Bolt Biter extraction tools, GEARWRENCH is at the forefront when it comes to innovated new products.

RESPONSIVE

With more than 4,000 SKUs including 83 ratchet configurations, sockets ranging from 4.5mm to 60mm, and tool storage as small as a handheld bag and as large as a 72" cabinet, GEARWRENCH puts the customer first when it comes to meeting demands for new products.

PROBLEM SOLVER

GEARWRENCH tools are built with professionals in mind, offering solutions to get the job done. We forge ahead creating products that give our customers the tools to perform their job to the best of their ability.

GEARWRENCH

RATCHETS, SOCKETS & DRIVE TOOLS

The wide range of GEARWRENCH ratchets, sockets and drive tools offer industrial mechanics and professional automotive techs an impressive arsenal of tools to accomplish just about any job. Our 120XP (TM) Ratchets boast a 3 degree swing arc, and combine with our Stubby Sockets to create an on-average 22% shorter length design to access hard-to-reach fasteners. Add in extension bars and drive tools, and every tool set delivers on the GEARWRENCH promise of superior Speed, Strength, and Access.

120XP™ RATCHETS

The Double-Pawl design of GEARWRENCH 120XP™ Ratchets provides 120 ratcheting positions so fasteners can be turned in the tightest spaces and jobs can be completed faster. Two pawls alternately engage a 60-tooth gear, allowing a swing arc of just 3 degrees and delivering strength that exceeds ASME torque performance requirements.

120 Positions

Give a 3° ratcheting arc to turn fasteners in tight confines

Full Polish Finish

Oil and solvent resistant and easy to clean

Stubby Handle Length

For when clearance is limited

IMPACT SOCKETS

Our Impact Sockets are available individually or as a set - designed for professional users. The complete range of products is made from impact grade chrome molybdenum alloy steel (Cr-Mo) for outstanding strength and durability. We have added improved features like parallel necks on select sockets – these allow you to work in tighter spaces. The expanded range of universal sockets helps the pro tackle the hard to reach fasteners!

EXTRACTION TOOLS

Whatever stuck bolt or screw you're facing, there's a reliable Bolt Biter tool designed to extract it and get you back to work fast. Original Bolt Biter Extraction Sockets and Lug Nut Extraction Sockets grip and turn any damaged fastener; Bolt Biter Impact Screwdrivers concentrate torque to loosen damaged screws; impact-ready Bolt Biter Nut Extractor/Drivers deliver 50x longer life with Torsion Zone, and Bolt Biter Screw Extractors include patented tapered sides and tip cutting edges. The newest edition to the Bolt Biter family, the Bolt Biter Wrench Inserts, create up to 70% greater access than traditional extraction solutions and easily seat into traditional wrenches and provide bi-directional design. With the Bolt Biter line of extraction tools, you stay on task and on time, every time.

BOLT BITER™ EXTRACTION SOCKETS

Bolt Biter extraction sockets grip instead of cutting into fasteners, so they last ten times longer than traditional extraction sockets when used with an impact gun. Because they grip instead of cut, they don't damage the fastener and it won't get jammed in the socket, so they're perfect for specialized components.

Easy-To-Read Laser Markings

High-visibility laser markings for easy size identification

Innovative Tapered Flutes

For easy seating onto a damaged fastener

GEARWRENCH

WRENCHES

GEARWRENCH provides a comprehensive selection of wrenches, catering to various applications to get the job done. Our lineup includes versatile combination wrenches, compact stubby wrenches, flexible and adaptable flex-head wrenches, specialty wrenches and the OG: the original ratcheting wrench. These wrenches are offered in 72T, 90T and 120XP featuring different degrees of swing arc ranging from 3°, 4° and 5°, respectively.

90T™ RATCHETING WRENCHES

90T™ ratcheting wrenches are perfect for the tight situations technicians face every day. Their 90-tooth 12-point ratcheting box end turns 6 and 12-point fasteners with just a 4° swing arc for improved access, while dual-direction off-corner loading reduces fastener rounding. They're longer for greater reach and leverage and their large color markings make size identification quick and easy. GEARWRENCH Lifetime Warranted and available now.

90-Tooth Ratcheting Mechanism

Delivers a 4° swing arc to turn a fastener in tight confines

Large Color-Coded Markings

For easy size identification

Compact Reverse Lever

Provides additional clearance and quick directional change

Adjustable Angle Flex-Head

Flexes through 180° for superior access angle

86613
90T Reversible Ratcheting Wrench

GEARWRENCH

TORQUE PRODUCTS

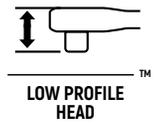

Regardless of industry, when there is a requirement for the precise application of torque, GEARWRENCH has the right tool for the job. From structural steel framing to concrete anchor bolts to electrical clamps, GEARWRENCH torque wrenches are up to the task, meeting or exceeding ASME requirements for a wide range of fastener applications.

120XP™ MICROMETER TORQUE WRENCHES

120XP™ Head

Provides a 3° ratcheting arc

Teardrop Low Profile Head

Allows better access in tight spaces

Flexible Ratcheting Head

Flexes up to 15° for improved access

Flush Mounted On/Off Switch

Allows better access in tight spaces

High Definition Scale Markings

Highly visible and easy to read

Clearly Marked Midpoint

Promotes additional accuracy

Knurled Aluminum Handle

For comfortable grip

Target Torque Alert

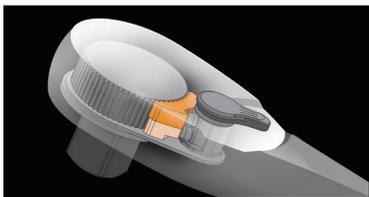

Vibrating handle, buzzer, and LCD screen alerts when target torque is reached

3 Function Modes and 5 Measurement Units

For additional versatility

10 Available Preset Torque Settings

To quickly access frequently repeated applications

Two Double-Stacked 60-Tooth Pawls

For exceptional strength that exceeds ASME specifications

GEARWRENCH

TOOL STORAGE

GEARWRENCH GSX Tool Storage products are built for the day-to-day needs of professional users. Designed with durability, access and maximum storage capacity in mind, they provide superior tool storage solutions for the toughest work environments. GSX tool chests, cabinets, and tool carts are designed to optimize even the most advanced user's workspace and include features like a textured coated finish, integrated power strips, heavy-duty industrial casters, and aluminum drawer pulls. When paired with our full line of mechanics hand tools, GEARWRENCH GSX Tool Storage products cover the needs of every level of a professional user.

GSX SERIES TOOL STORAGE

20 Gauge Steel Cabinet and Chest

For strength and durability

Gas Charged Lift Support Struts

Supports easy lid opening and closing

Black Foam Mat Liner Included

For each drawer and top storage space for chests and cabinets

Tubular Barrel Lock and Key

For added security and protection

22 Gauge Steel Drawers

For strength and durability

Heavy Duty Industrial Polyurethane Casters

2 Fixed and 2 swivel, providing easy mobility. Each caster weight rated at 450 lbs.

83244 & 83245
41" Tool Chest and Rolling Cabinet

Power Strip Mounted Inside Lid
With 4 outlets, 2 USB ports, and on/off switch

Trigger Lock System Drawer Release

Allows drawers to naturally open and close

Ball Bearing Slides

Offer exceptional load capacity and easy slide action

Auto Return Sliding Drawer System

For added protection of drawer contents

Textured Coated Paint Finish

Offers increased resistance to corrosion, weather, and staining

GEARWRENCH

MASTER TOOL SETS

GEARWRENCH mechanics tools have all been designed with the professional user in mind to increase productivity, access, and strength. More than 30 different modular tool sets provide versatility and flexibility, allowing mechanics to customize their tool collection as much as they'd like. Additional master sets are designed with specific jobs in mind to give mechanics the assurance they need that they will have the tool for the job.

MODULAR TOOL SETS

Multi-piece assortments of quality GEARWRENCH tools, each organized in a sturdy foam storage tray. The chemical and solvent resistant trays are designed to fit a range of tool storage systems for optimal organization. This modular design allows users to customize their own toolkit and storage system. Sets feature components selected to provide a complete range of specific tools, each nested in a custom cutout that protects while keeping tools organized and accessible. Trays are orange and black with high visibility size markings for quick tool identification.

Premium Solvent Resistant

Foam storage trays built to last and handle almost any working setting, while providing long lasting protection to the set's contents

Precut Nested Tool Storage

Each tool nests in a laser-formed cutout that provides protection and keeps tools organized and easily accessible
